

Has your child recently had genetic testing?

Join our research study!

We are developing a checklist to measure how parents/caregivers value genetic testing. This checklist will help provide evidence to guide funding decisions and access to genetic tests for children.

We can't do this without your expertise!

Study Title: Developing the Patient-reported Genetic testing Utility INdEx (P-GUIDE™)

You may be eligible if:

- Your child received genetic test results related to their cancer from a doctor or genetic counsellor in Canada in the last 12 months
- You are comfortable communicating in English

Participation involves:

- 10 min eligibility and consent virtual call
- 15-20 min online questionnaire about your experience with genetic testing

Participants will receive a \$15 gift card in appreciation of their time
